MEMORANDUM FOR SEE DISTRIBUTION

Subject: Letter of Instruction; 2010 TSS Workshop 2-6 Aug 10

1. The First Annual Training Support System (TSS) Workshop will be held 2-6 August 2010, at the Gaylord Opryland Resort & Convention Center, Nashville, Tennessee. The theme of the workshop is "Forging the Integrated Training Environment."
2. This workshop is the capstone event for the TSS community, providing essential training for the Battle Command Training Support, Soldier Support, and Sustainable Range Programs. I strongly encourage TSS professionals to attend and participate in this forum. Official attendees are active duty military personnel, DoD Civilians, and other personnel whose attendance is directed and paid for by a DoD/Army contract. The TSS Workshop builds on, and includes, the Army's Sustainable Range Program Workshop. TSS will expand to provide a training venue for TSS professionals engaged in live, virtual, constructive and gaming support to operational and institutional training.
3. The TSS Workshop will provide the forum for the following Army and Services events: Battle Command Training Center Users Conference; Training Support Center Conference; Army Master Gunner's Symposium forum, the Army Range Safety Conference, National Environmental Policy Act (NEPA) forum, Army Conservation, and Naval Special Warfare Command (NAVSPECWARCOM) forum. These breakout forums provide additional training and information exchange opportunities.
4. The point of contact is Tony Pellitteri, COMM 757-878-4912 x7053, tony.pellitteri@us.army.mil. Logistical information for the TSS Workshop can be found at <http://www.ncsi.com/tss10/index.shtml>.

RICHARD C. LONGO
Brigadier General, GS
Director of Training
